Commissioners Give Review Of Seven Designated Areas

Joint Meeting With Council Set For Meeting of Minds on Various Points

A sign loudly saying "Standing Room Only" could have been aptly displayed at the City Hall Thursday evening, April 30, when the Planning Commission held a study session on the Canyon Area. Some 150 residents of the Canyon area were available to protect, if necessary, their homes and their rights to the area.

Chairman Marrie Casey opened the meeting explaining that this meeting was a "Study Session" only for the Commissioners, that each Commissioner has been assigned a portion of the Canyon for study and suggested comments, and that this meeting was to discuss those suggestions and points, to see if they were in agreement in their thinking.

Further, that this was not a meeting of action, and hoped that none of the residents would be unduly disturbed over the session. That the Planning Commission was not a law passing body, merely a body to plan the future of a city in an orderly manner for the most benefit for all concerned and to report their findings and suggestions to the Sierra Madre City Council, who, before action would hold the necessary public hearings.

All Commissioners were present and had the parcels by their named signed to them: Robert Hartman, 3; May R. DeWright, 7; Milton R. Emerson, 1; Daniel D'Arcy, 2; Walter Couchman, 4; Marrie Casey, 5; Harold Petz, 6. Remarks about areas follows.

Area 1 with Woodland Drive on the west, bounded by Vista Circle and northeast area, was termed that the buildings were some 60 years old, built without zoning and restrictions, and were built and are in an unsafe and unhealthy manner. Suggested that legal condemnation should be had to remove all hazardous buildings, and to allow no new building which does not conform to code. Rigidly control "bootleg construction" without permits, and no building be allowed that was not accessible by fire or police equipment. Allow no future variances.

Area 2 bounded by Brookside and Woodland Drive. The report was made that the minimum footage of lots were 2000 square feet and maximum 6,100 with an average of about 2,600, that the population per square foot could be compared to India. That the residents were definitely living in a fire area, and that Brookside Lane became a pathway in many instances down to 8 feet wide for automobile traffic with no turn-arounds except on private property. Stop any further development that is not up to code.

Area 3. Brookside on east from Sturtevant north. Streets need widening, with access to streets established and adequate lot sizes. Condemnation of all buildings not adequate after inspection by Police and Fire Departments.

Area 4. Oakdale Drive on west, Sturtevant on east and Alta Vista. Suggested

SAN GABRIEL VALLEY resident, Donald J. Quick, has been named manager of Wilshire Federal Savings and Loan Association's regional office in Monrovia. The announcement was made by Walter D. Smyth, president of the Association. Mr. Quick's experience includes 14 years with a local major bank during which time he served in various capacities in branch offices in the San Gabriel Valley. A native son and Navy veteran, Don resides with wife, Gertrude, and their four pre-teenagers in West Covina. He will officially assume his duties on May 11, after completing an extensive training program in the Association's home office in Los Angeles.

Mobile Blood Bank Arrives Sierra Madre School May 11

The Blood Bank Mobile will be here in Sierra Madre on Monday, May 11, from 2:30 till 7. p.m. at the Sierra Madre School, Everyone who possibly can is urgently asked to donate a pint of blood at this time to help replenish the blood bank for the local branch of the American Red Cross.

Very few people realize that about one phone call out of five at the blood center is a request for blood for a child, because there are more than half a dozen open-heart surgeries performed on children each week.

The human body contains about 12 pints of blood, and when one pint is donated the body immediately starts manufacturing more to replace it. Very shortly there are 13 pints of the donor's blood in existence, the body's normal 12, and one extra for someone who will need it to stay alive.

When one pint of blood is donated to a Group Account, it also is added to the individual's account as well, so the donor actually gets two pints for each one given.

Donors must be from 21 to 60 years of age. Unmarried minors may give blood if they have the written consent of one parent or their legal guardian.

The local branch of the Blood Program is hoping that many Sierra Madreans will respond by donating this vitally needed blood, and help to meet the quota.

Kindergarten Registration

Registration for those pupils who plan to attend kindergarten at the public schools in September will be held in the cafeteria of Sierra Mesa School on Wednesday, May 13, and in the cafeteria at Sierra Madre School on Thursday, May 14, from 9 to 11 a.m. Children who will be 5 years old on or before Dec 2, 1964, are eligible.

To register a child, the following is necessary, according to Miss Betty Newton and Dr. Edward E. Hawkins, principals: birth certificate, dates of all immunizations, names of at least two friends or relatives with phone numbers and addresses who will assume responsibility and the school can call in case parents cannot be reached in an emergency, and the doctor's phone number and address.

Cubmaster Sielen Receives Charter For SM Pack 381

Pack Charter was granted at last meeting to Pack 381 through the Sierra Madre Elementary PTA from headquarters Boy Scouts of America. John A. Sielen, Cubmaster accepted the charter from Ralph Rule, co-president of Sierra Madre PTA. The organization Boy Scouts of America was incorporated in 1910 and chartered by Congress in 1916.

This charter, renewable annually, authorizes Sierra Madre PTA and Pack 381 to carry on a Cub Scout program for character building, citizenship training and physical fitness. All officers and den mothers have been duly certified and are officially registered by the National Council to meet the responsibilities of their respective offices in accordance with the provisions of the Constitution and Bylaws of the Boy Scouts of America.

Pack 381 has been fortunate in showing continuous growth in membership due to the fine boys and helpful parents who have contributed their valuable time and effort. Activities include trips to interesting places, hikes, and participation in local parades. Achievements are devised to help the Cub Scout develop physically and mentally and have fun while he is doing it.

More Support For Pacific Southwest Project Bill

Governmental and civic organizations which are sensitive to the importance to California of water from the Colorado River continue day by day to vote resolutions in support of the Pacific Southwest Project Bill (S.2670) introduced by Sen. Thomas Kuchel.

Surplus waters from other river basins would be sought to put into the Colorado River under terms of this legislation in quantity adequate to meet the needs of Arizona, California and Nevada and to permit planned developments in Colorado, New Mexico, Utah and Wyoming, the upper basin states.

The Six Agency Committee comprised of public bodies putting Colorado River water to use in Southern California favor the bill and its provisions to develop a regional Pacific Water Plan encompassing a larger region than that of the Udall plan, which the Six Agency Committee opposes.

The Metropolitan Water District, which serves 9,000,000 people in 113 cities of Southern California, has gone on record in favor of Sen. Kuchel's Pacific Southwest Project Bill. So have the Los Angeles County Board of Supervisors, the Los Angeles City Council, and the Los Angeles Department of Water and Power.

Other expressions of support come from the Laguna Beach County Water District, the Helix Irrigation District of San Diego, the Tri-Cities Municipal Water District of Orange County and the Placentia City Council.

Many another California governmental agency has directed its secretary to prepare a supporting resolution for favorable action at its next meeting.

Both the Southern California Water Conference of the Los Angeles Chamber of Commerce and the Colorado River Association of

Wives Preside At Local Kiwanis Meeting

The Sierra Madre Kiwanians met Tuesday for their regular meeting and from there on out that was all that was regular about anything that happened.

It was "wives day," so all the Kiwanian members invited their spouses, and turned the entire meeting over to the females. LaVonne Grippi wielded the gavel and presided as president for the day, Toy Stoddart was program chairman, and Mrs. Walter Fader provided the music portion for the program at the piano.

Things got under way very efficiently, much to the male genders' hurt ego; fines were charged and paid, luncheon was delicious, and the program entertaining.

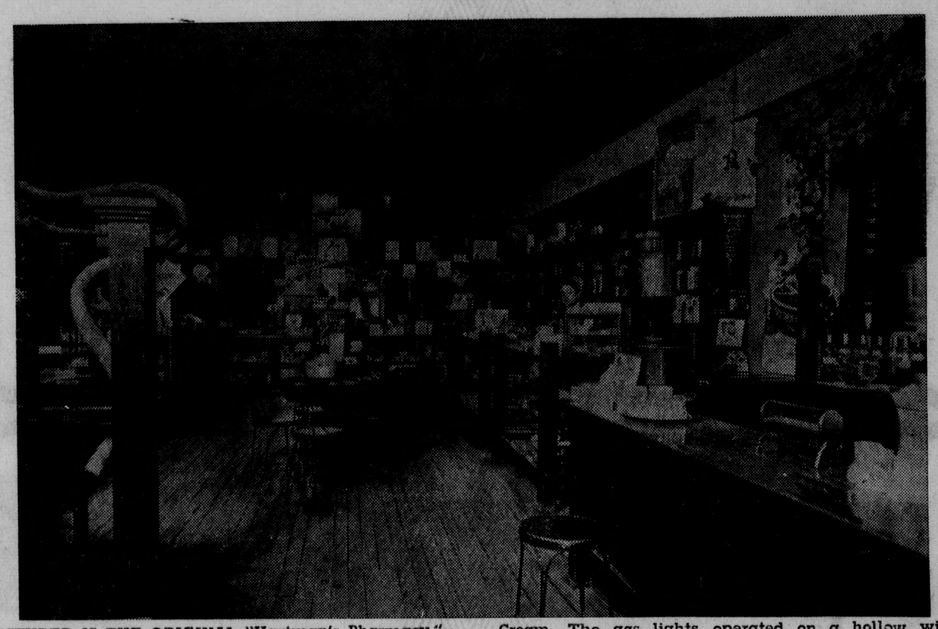

Ruth Barden gave an interesting talk on the value and importance of the Blood Bank and to highlight the day, Jim Wolfe, who is a candidate for Kiwanis District Governor of California, Nevada and Hawaii, was given a vote of confidence by being crowned. It is reported he wore his crown with great dignity, and has for his slogan "Man Alive—For '65."

All in all, it was a great day. The little women say let's do this more often—from the men . . . no comment.

Hartman Pharmacy Celebrates 54 Years Of Reliable Service

PICTURED IS THE ORIGINAL "Hartman's Pharmacy," as it appeared on opening day, May 5, 1910. Named "The Sierra Madre Pharmacy" in those early days, the store not only featured a complete pharmacy on the left wall, but many sundries and a delightful soda fountain which specialized in Christopher's Ice Cream. The gas lights operated on a hollow wire system, using only hi-test gas that had to be pumped in from a tank outside the back of the store. Many of the original large glass bottles that were used to hold drugs in this 1910 store, are still in use in the very modern "Hartman's Pharmacy" now.

MR. F. H. HARTMAN, on the right, is shown standing in front of the original "Hartman's Pharmacy" with his very capable pharmacist, Mr. Shreve. On each side of them are the famous deer that Mr. Hartman brought from Michigan, and which became a big local attraction.

May 5, 1964, was a very special anniversary not only for Hartman's Pharmacy," but for the whole community of Sierra Madre, which for 54 years has been privileged to enjoy the friendliness and always reliable service of this family-owned drug store.

In 1910 when Mr. F. H. Hartman purchased "The Sierra Madre Pharmacy" from Mr. W. E. Bechtelheimer, he had already had many years af experience as a registered pharmacist. A graduate of Ohio Normal College, he went to Detroit, Mich., to take the pharmacy exams, and was immediately offered a job in Oxford, Mich. The Hartmans' only son, Rudy, was born in Oxford, and when he was a month old, the family moved to Muskegan, where Mr. Hartman was in a partnership with his brother-in-law for the next 13 years. In 1907, the family moved to Santa Monica, where Mr. Hartman worked for the Berkley Pharmacy, then later managed a drug store in Sawtelle.

The original "The Sierra Madre Pharmacy" was at the exact same location as "Hartman's Pharmacy" is now, but before Baldwin Avenue was rezoned. The store number was 25 N. Baldwin and the original phone number was Black 25. Mr. Hartman not only offered the finest in drugs and druggist's sundries, but also had a very popular soda fountain, and an unusual waiting room on one side of the store where shoppers could rest and enjoy the many pictures lining the walls. All of these interesting pictures were taken of the surrounding countryside from Mt. Wilson by Mr. Ellerman, who was the official photographer for Mt. Wilson and used the 60-inch Harvard telescope there for most of his pictures.

One of the most fascinating attractions in town were the two mounted deer that were in each of the front windows of "The Sierra Madre Pharmacy." Taxidermy was Mr. Hartman's hobby, so when his brother-in-law shot the two deer in northern Michigan, he stuffed and mounted them. Moving them to California proved to be very expensive, in fact, they cost more to ship ship than all of the Hartmans' other household goods, including a piano. Not only were they a unique feature of the store, but each Christmas provided a great deal of pleasure for the local children when Mr. Hartman moved them to the open stage, that is now the City Hall building,, and attached a "Santa's" sleigh to them. Several years later, when the pharmacy needed the window display room, they were moved to special ledges that Mr. Hartman

Projects Announced

Sierra Madre Lions Club Plan Increased Activities

One of the projects currently in progress is the Centro de Amparo Orphanage, in Ensenada, Mexico; 75 miles below the California border. This project was started as a result of a recent program presented by Mr. Kenneth Stroman, president of Mexican Fellowship Incorporated, an organization established to lend a helping hand to the sick and homeless of Mexico. Mr. Stroman's presentation included slides of the depressed area. Immediate action was taken by the Sierra Madre Lions Club with the donation of a commercial size refrigerator and stove. Further plans include a trip by members to the area with building materials, clothing and food.

Along the lines of civic improvement the club has proposed to establish a community sign post to be located at Sierra Madre Blvd. and Michillinda where now only separate club signs are located. This plan originated by the Lions Club has been approved by the City Council and should be carried out in the near future.

This year the Lions will pursue their White Canes

Booster Ticket Sales For Little League Big Success

Winding up a very successful Booster Ticket Sales Campaign, chairman Marian Allen announced that all Sierra Madre Little Leaguers will now be assured a full playing season with safe and up-to-date equipment, thanks to the support from the citizens of our town.

To spark the sales effort several prizes were slated for the young ticket salesmen as well as a pair of awards for two of the ticket purchasers.

Top salesman of the year, selling a total of 173 tickets, was 11-year old Glenn Wingate of the Stars. (Executives take note — here's a real go-getting salesman!). For his enthusiastic effort Glen will receive two specially reserved seats at Dodger Stadium. Giving Wingate a real run for first place in sales was runner-up 10-year old Jim Dancy of the Yankees. Jim sold a total of 117 tickets and will receive a baseball glove and ball from Toy and Patio Village. Rounding out the top five were: third, Paul Huber (Yankees); fourth, Joe Jackson (Red Sox) and a three-way tie for fifth place with Reese Allen (Seals), Bard Crehan (Stars) and Randy Muller (Braves) all sharing in the honor. All 3rd, 4th and 5th place finishers wil receive an autographed Dodger baseball. Top team prize was the hard-working Stars, who'll all be royally entertained

Patrick Lovejoy Appears On TV

Patrick Allan Lovejoy, son of Mr. and Mrs. George R. Lovejoy of 74 W. Grand View, Sierra Madre, appeared on the television show "Password" last Monday, May 4.

The guest celebrities appearing with Pat on the show were Carolyn Jones and Peter Lawford. While teamed with Mr. Lawford, Pat was very successful and won $350. During the lightning round at the end of the show they broke all the records by answering in 15 seconds, and for this Pat also won a watch.

Pat is an Intern Pharmacist at U.S.C., and lives with his wife, Georganne, at 829 S. Marengo, Pasadena.

SM Woman's Club Have Guest

On May 13 the Sierra Madre Woman's Club presents another outstanding program to sort of "round out" for the season a series of good entertainment for its members.

Mrs. Ora Pate Stewart, who will be the speaker, has been described as "a lady Will Rogers." She gives a Program of Americana at its whimsical best. She is a writer, artist and dramatist in every performance. Her work is sincere, because she writes of life as it is, as she lives it, and life will look better to each and every listener, as it has to the millions who have heard these programs.

After the luncheon, the audience will be entertained by Robin Axelrod with both vocal and instrumental selections. Robin is the daughter of one of our own members, Mrs. Harold Axelrod, and Dr. Harold Axelrod, well-known Sierra Madre physician, also a pupil of Mrs. Glenne Oliver, another club member and local music teacher.

There also will be Convention reports from the State Convention, CFWC, by the delegates, Mrs. Albert J. Barkman, Mrs. Henry Wade and Miss Clara Sykes.

Luncheon is in charge of Mrs. Flora Anderson and her committee and reservations may be made by calling 355-9123 or 355-8501.

Mr. and Mrs. Fred Osti, Sr. Mark Golden Wedding Anniversary

MR. AND MRS. FRED OSTI, SR.

A very special celebration was held recently, to honor Mr. and Mrs. Fred Osti, Sr. on their 50th wedding anniversary, at the home of their daughter and son-in-law, Mr. and Mrs. Norman Brooks, of 270 Grove St., Sierra Madre.

Mr. and Mrs. Osti were married in Borghetto, Italy on April 20, 1914. They left for the United States the day of their wedding, and settled in San Pedro for 11 years. In 1925 they moved to Sierra Madre and have resided at 271 Grove St. for the past 39 years. Mr. and Mrs. Osti have always enjoyed salt water fishing and recently have taken up rockhounding, which is keeping them very active and young at heart.

Joining in the anniversary celebration were all of Mr. and Mrs. Osti's eleven children and their families: Mrs. Nora Gaggero and family of Pasadena, Mr. and Mrs. Marino F. Osti and family of Arcadia, Mr. and Mrs. Norman E. Brooks and family of Sierra Madre, Mr. and Mrs. Robert Osti and family of Sierra Madre, Mr. John Osti of Sierra Madre, Mr. and Mrs. Robert J. Sulanke, who were enroute to Hawaii, Mr. and Mrs. David C. Osti and family of Arcadia, Mr. and Mrs. Fred Osti Jr., and family of Sierra Madre, Mr. and Mrs. Louie Osti and family of Sierra Madre, Mr. and Mrs. Russell C. Hand of Newport Beach, Mr. and Mrs. Daniel G. Osti of Sierra Madre, and Mr. and Mrs. Steven Gaggero, a nephew from Duarte. Also present were Mr. Osti's sister, Miss Maria Osti, and his brother and wife, Mr. and Mrs. Valentino Osti, all of Wilmington.

For this very happy occasion the Brooks' home was beautifully decorated with gold bells and many floral arrangements. One of the loveliest of these, was a gold bowl filled with 50 yellow roses that the Sulankes gave to Mr. and Mrs. Osti. Mrs. Brooks also made a very unusual gold money tree as a gift for her parents. It was a manzanita branch sprayed gold, with gold decorations and bells.

The two-tiered anniversary cake was cream colored, and was decorated with pale yellow roses and pale green leaves. A gold 50 with two hearts was on the sides of the tiers, and the wedding ornament on the top also had a gold 50 in the center.

Friends of S. M. Library Present 'Oedipus Rex'

The Friends of the Sierra Madre Public Library, in conjunction with the Los Angeles County Museum's documentary film circuit, will present the film for May, "Oedipus Rex," at the Sierra Mesa School auditorium, May 11, at 7::30 p.m.

Directed by Sir Tyrone Guthrie with the Stratford Shakespearean Festival players of Canada, "Oedipus Rex" is majestic drama for all who love theatre and have a wish to see this play much as it was presented ages ago in the Athens theatre.

The film is in color.

If you are planning to have your hair tinted for the first time, and you are thinking of a permanent as well, might we suggest that you get the permanent at least a week before coloring? A permanent will likely lighten tinted hair to some degree, hence the caution.

The importance of a professional tint the first time out lies not only in the skilled techniques of a professional operator, but in the precautions taken to determine that you are not allergic to the chemicals used.

Fortunately, no woman is allergic to the stunning effect of hair beautifully tinted at PETITE BEAUTY SALON, 185 West Sierra Madre Blvd. Open 6 days — evenings by appointment. Phone ELgin 5-8041.

THIS WEEK'S HELPFUL HINT: If there is no soap or detergent handy, your sweater can be washed in shampoo!

Santa Anita DAR Holds Election

Santa Anita Chapter, Daughters of the American Revolution, will hold their annual election meeting on Thursday evening, May 7, at the home of Mrs. Orville B. Wallace, vice regent.

The business session and election, conducted by Mrs. Leonard J. Black, regent, will be followed by films taken at the 56th State Conference last March 10 to 13. Informal reports will be given by members who attended the conference.

Otakaweyahnah's Make Friends In Nature World

The Otakaweynahnah's, which consist of 21 fourth grade Camp Fire Girls from Field School, led by Mrs. Dean Clary, have just completed a Camp Fire nature program at the Eaton Canyon Nature Center.

This series of four classes, under the direction of Mrs. Dorothy Poole, director of Eaton Canyon Nature Center, Los Angeles County Parks and Recreation Department, was developed around outdoor craft Honor Beads requirements for the Camp Fire Girls.

The girls became intimately acquainted with the canyon and chaparral, tracking animals, bird watching, including a study of their homes, food, means of protection, source of service to us and the Indians. The girls made many new friends in the world of nature.

Camp Fire leaders will be trained in the fall for similar classes to begin in October.

Creative Arts To Hold Open House

Creative Arts Group Open House will be held this weekend, May 9 and 10, at both the Adobe where many of the workshops are held and at La Tienda, the shop where instructors, students and artists of the area offer their work for sale.

Featured this month are ingenious ways of using colored papers, such as collages and the making of paper flowers and other attractive items.

The Sponsors are also presenting an evening with Chang Reynolds, noted Pasadena artist, this Thursday evening, May 7, at the Adobe at 8 p.m.

The brochure for summer workshops for both children and adults wil be mailed to sponsors this week and will be available to the public at the open house, according to Mrs. Kurt Gunther who is acting as coordinator.

S.M. Nursery School Taking Applications

Sierra Madre Community Nursery School is now accepting applications for the summer session. This is a seven week period, from June 23 through August 6.

School days are Tuesday, Wednesday and Thursday from 9 a.m. to noon.

The school is also taking applications for the Fall semester. Sierra Madre parents are advised to register early in order that their children, from 2½ years to kindergarten age, will not miss the wonderful experiences offered by this outstanding community nursery school.

The school presents excellent and varied opportunities for youngsters in learning to play together. The large assortment of outdoor equipment situated in spacious, safe play areas helps build strong bodies and coordination. Stimulating experiences in art, music, science and literature are also a large part of the program.

Sierra Madre Community Nursery School is staffed by qualified teachers, trained and experienced in working with this age group, and headed by Mrs. Lillian Burke, director.

For further information call Mrs. Jean Dennis at the school office, phone EL 5-1655.

George Bouvier 16 Year Resident Succumbs Apr. 27

Mr. George A. Bouvier II of 438 E. Montecito, passed away April 27, at St. Luke Hospital, Pasadena. He was born in Fort Wingate, New Mexico, and has been a resident of Sierra Madre for the past 16 years.

Mr. Bouvier was a professional mechanical and electrical engineer, retired from North American Aviation, and until his death a consulting engineer, most recently for Kinelogic Corporation of Pasadena. He was a member of Pasadena Scottish Rite and a life member of Ashlor Lodge No. 91, F. & A.M. Detroit, Michigan.

Mr. Bouvier is survived by his widow, Mrs. Erdine S. Bouvier, and a daughter, Ann Elizabeth Bouvier of Oak Park, Illinois. Also two sons, Robert A. Bouvier, of Huntington Beach, and Scott A. Bouvier of Sierra Madre, five grandchildren and three great grandchildren. The Bouviers' oldest son, George A. Bouvier III, was killed in his private plane on March 6, when it crashed during a freak twister at Dos Palos, California.

Funeral services were conducted at Rose Hills Memorial Park on April 30, with Father Harley G. Smith, Jr. officiating. The service was followed by Masonic Rites, and interment was private.

S.M. Civic Club Presented Several Awards

Sierra Madre Civic Club was honored with several awards at the annual Verdugo District of California Federation of Women's Clubs convention held April 16 and 17 at the Huntington Sheraton Hotel in Pasadena.

Club president, Mrs. James R. Vine, stated that these awards were given for outstanding philanthropic and public service by the club during the past year. Honors presented to the club included two sweepstakes awards in Narcotics and Historian departments, three first place awards in Mental Health, Nationalities and Public Education Departments and one second place award in Gardens and Beautification Department.

Also first place award for Community Improvement; second place awards for Health and Welfare and Federation Participation.

Mrs. Vine further stated that club membership is open to women of Sierra Madre who are interested in serving their community while enjoying the friendship of its members. Those wishing to know more about the Sierra Madre Civic Club may contact Mrs. Vine at 356-1545.

Fred Bruning, Ascension Parish Day School, grade 7, won first place for his essay, "What Freedom Means to Me."

These essays will be submitted to the 18th District for competition with essays from other units.

Dr. Gary Griffin Awarded Grant

Doctor Gary W. Griffin, son of Mr. and Mrs. Gail Griffin, of 667 W. Grand View Ave.; an associate professor of Chemistry at Tulane University has been awarded a $40,800 grant by the National Science Foundation for basic research on unusual chemical hydrocarbon systems.

Doctor Griffin was one of six chemists in the United States invited to participate in a special symposium on Photochemistry that was held prior to the meeting of the American Chemical Society at Columbia University at New York.

Veterans To Serve Mother's Day Breakfast

For over ten years it has been a tradition for the veterans at the Harry L. Embree Post No. 3208, 40 E. Montecito Ave., to serve a Mother's Day Breakfast for members, their families and friends. Everyone is welcome, whether a member or not, because the more the merrier.

Sunday, May 10, they will serve bacon 'n' eggs and hot cakes from 9 until noon. Mothers are served free of charge, but dads have to donate $1 and children 50 cents.

Be sure to come and bring the family and friends. It's always a lot of fun.

Sierra Madre Lions Club Plan

project which includes solicitation of voluntary contributions for the club's Sight Conservation fund. In the past, when applicable, monies from this fund have been donated to deserving individuals within the community. Club support is also extended to District and International Blind Rehabilitation programs.

Another important Lions Club project is the annual Student Speakers Contest. Four high school students from Sierra Madre are chosen each year through local competition to compete among themselves. The winner from Sierra Madre then has the opportunity to compete against students from other communities in the California-Nevada area. The final first place winner is awarded a $1500 scholarship to the college of his or her choice. Many other prizes and trophies are also awarded. This year's club level contest, attended by 54 members and guests was held on Feb. 27, with Miss Christine Fisher of Mt. Alverno Heights Academy taking first place honors.

The purpose of the contest is to stimulate public speaking among the youth of the community.

A vigorous itinerary of various "club meeting" programs presented over the last few months consisted of such interesting topics as "The New Income Tax Law and How It Will Affect You," "Past Methods of Artificial Respiration and the New Mouth to Mouth Resuscitation," "Baseball Past and Present" presented by Red Patterson of the Los Angeles Dodgers, "Slides on Early California," by the Title Insurance Company and "Experiences of the Blind" presented by a representative of the Braille Institute.

The annual Sierra Madre Lions Club rummage sale will be held this year on May 8 and 9, from 8 a.m. at 78 W. Sierra Madre Blvd. (formerly Dixon's Market). This year's sale promises a greater variety and volume of miscellaneous items.

MAIL BAG . . . The 1964 Trojan Football application for season tickets is in the mail. Some dandy home games on tap including the opener with Colorado, Sept. 18. Then come tiffs with Texas A & M (Jarrin John Kimbrough's old alma mammy), California (darkhouse threat for the Rose Bowl), favored Washington, UCLA and Notre Dame. Prices have been upped to six smackers on the last two.

HOW MUCH will Darrall Imhoff help the Lakers? The ex-Bear center was nothing to speak of with New York and Detroit. And wasn't it Rudy LaRusso who voiced the opinion that he hopes the Lakers draft Walt Hazzard BECAUSE he is a passing guard?

QUOTABLE QUOTE from Roger Craig . . . "I'm a good luck charm. I came to the Dodgers in '55 and they won the pennant. I came back in 1959 and they won again. I hope I can help the Cardinals win this year." Rosta Ruck Rog.

HOW TO GET YOUR NAME IN THE PAPERS . . . come up with some hysterical scheme to promote a three million dollar fight between Clay and Liston in some "jerkwater" town.

THE DIAMOND DINER at Heasly Field did a flourishing business during the May 2 opening day festivities of the Little League. Now the boys get down to the serious business of playing ball.

IS THERE A BETTER SHORTSTOP IN BASEBALL than the Angel's Jim Fregosi? BETCHA NICKEL that Rigney wouldn't trade him for any two others in the game. He's going to be a great one and already has reached the darned good stage.

WASN'T THE STRETCH DUEL between Northern Dancer and Hill Rise in last week's Kentucky Derby a dandy? If Willie Shoemaker didn't wait too long to make his move with Hill Rise, how come the favorite was gaining with every stride down the stretch? Give Willie Hartack the riding edge in this one.

ABOUT THAT TV CABLE . . . Hurry men, the red-hot Giant-Dodger series coming up this weekend in Candlestick Park will be beamed into the southland area, (but not San Diego much to the chagrin of the Foothill Flock).

MORE ON TV . . . Four big Angel games will be piped over the box this month. Tonight's clash with power - hitting Minnesota comes on at 7 p.m. Then the entire Yankee series May 22-24 will be beamed back home. Like I say, hurry men with the hook-up.

ALBIE PEARSON: "I am standing up, honest."

HAVE YOU SEEN a baseball magazine recently that DID NOT have a picture of Sandy Koufax on the cover?

LEROY MONTGOMERY who coached the Cameron Aggies to a smashing win over Bakersfield in the 1962 Jr. Rose Bowl Game, has resigned his post as coach and athletic director. Presumably Monty left under fire after becoming embroiled in an eligibility entanglement with Northeastern A & M when NEO looked like a "good thing" for the 1963 JRB bid.

ONE MANAGER gave his ballplayers permission to play golf during the baseball season with certain qualifications: "Certainly you can play — but from now on the greens fees will be 50 bucks."

QUOTABLE QUOTES: Rocky Graziano: "As a fighter I go so much resin in me from knockdowns that every time I pass Carnegie Hall the violins stand at attention."

CASEY STENGEL: "Them Japanese baseball players are O.K. but their trouble is they're trying to play the game with little fingers."

S.M. Hospital Auxiliary Holds Maternity Coffee

The Sierra Madre Community Hospital Auxiliary is now sponsoring its first Maternity Coffee under the direction of the chairman, Mrs. Roy R. Appleby, to be held May 8 at 10 a.m. in the Hermosa House, which is directly behind the hospital on Hermosa St. in Sierra Madre.

Gerber Baby Foods will provide a maternity film showing the care of the newborn, offer a door prize and present each mother-to-be with a gift.

Members of the Auxiliary will be there to welcome their guests in their cheery, cherry red uniforms and help serve refreshments. A tour of the maternity department will be conducted by Mrs. Duffy, director of nursing, and there will be an opportunity for questions. Any expectant mothers in the community will be welcomed. Please call Mrs. Appleby at 795-7331.

The president of the Auxiliary, Mrs. Chester Lighthizer, is proud to announce that the Auxiliary has purchased a new x-ray dryer to be used in the x-ray department and new draperies for all patients' rooms throughout the hospital.

Senior Citizens Hear Accounts of Ramona Pageant

Senior Citizens were entertained on Saturday afternoon by interesting accounts of the Ramona Pageant given by the members who attended on Saturday, April 25. Of the 300 people taking part in the cast, only two are paid actors; the others are local townspeople. One Indian woman, 101 years old, has taken part for many years. President Roy Picket and his wife are attending this weekend.

Chairman of Tours Clinton Symonds announced tours to Zion Park, Yellowstone and the Grand Canyon which may be taken with the Los Angeles organization of Senior Citizens.

Mr. Symonds also spoke on the depressed areas of Kentucky which need financial aid; made up of Scotch-Irish settlers. Berea College students have gone there to assist them in farming methods and women students from Vassar to assist the women in household duties of the modern times.

The organization will send a representative to the May 19 Council meeting where plans for the new City Hall assembly room for various organizations will be discussed and suggestions made.

Hostesses for the day were Mrs. William Patterson and Mrs. Martin Olsen. Community singing, games of pass word, bingo and bridge were enjoyed.

Southern California favor the Kuchel bill and oppose both the Hayden-Goldwater bill and the Udall plan. The Federal Budget Bureau April 9 notified Congress it could not recommend either the Hayden - Goldwater bill or the Udall plan.

Expressions of opposition to the Udall plan have been made by the California Farm Bureau Federation, the California State Chamber of Commerce, the Southland Water Committee, the California County Supervisors Association, the Feather River Project Association, and the Long Beach Board of Realtors.

Opposition to the Udall plan has been voted also by the Western Municipal Water District of Riverside, the Eastern Municipal Water District of Hemet, the Callegulas Municipal Water District, and the Ventura County Flood Control District.

City councils of the following municipalities also have gone on record against the Udall plan, which Sen. Kuchel's bill is intended to replace: Arcadia, Baldwin Park, Bell, Chino, Commerce, Compton, Covina, Cypress City, Dairy Valley, El Monte, Gardena, Glendale, Hemet, Huntington Beach, Inglewood, Laguna Beach, Manhattan Beach, Monrovia, Oxnard, Palos Verdes Estates, Pasadena, San Clemente, San Dimas, Santa Ana and Vernon.

Announces Sunday Sermon

Selecting as his sermon scripture the Second Epistle of John, the Rev. Armin Hesse will speak on "A Letter to a Christian Mother and Her Children" in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive. Holy Communion will be celebrated.

Meeting at 9:15, the Sunday school classes will consider the Biblical records of "The Lord's Healing of the Man's Withered Hand on the Sabbath." The Adult Bible class for parents and adults will continue the study of the Book of the Acts of the Apostles.

On Thursday evening of this week, May 7, the Festival of the Lord's Ascension will be observed in a 7:30 p.m. service in the church sanctuary. The pastor will speak on "The Exaltation Statement in the Apostles' Creed — 'He Ascended Into Heaven'." The Senior Choir will sing J. S. Bach's "Draw Us To Thee."

Plans are currently being formulated by Mr. Marcus Silvera and his committee for the congregational picnic to be held on the afternoon of May 17th at Farnsworth Park in Altadena.

Rabbi Sofer to Conduct Service Honoring Mothers

The Foothill Jewish Temple-Center, at 212 N. Lima, Sierra Madre, will join the rest of the world honoring all mothers in special services on Friday, May 8, at 8:30 p.m.

After Mrs. Sol "Anne" Barron, president of the Women's Club, has blessed the Sabbath candles, Rabbi Martin Sofer will conduct the religious ceremony. The topic of his sermon will be "The Admonitions of God." Cantor Solomon Edelman, assisted by the Temple choir under the direction of Bob Saichek, will chant the traditional liturgy.

Prayers extolling the role of the mother in the Jewish home will be offered by Mrs. Nina Ackerman, Mrs. Susan Kustner and Mrs. Lil Splaver. The Women's Organization of the Temple-Center also will serve refreshments after the services in honor of Mother's Day and especially in honor of the mothers of this congregation.

Pasadena Area Panhellenic To Install Officers

Incoming president of Pasadena Area Panhellenic Association, Mrs. Francis D. Tappaan, 423 Meadow Grove St., Pasadena, is to be installed during the Annual Installation Luncheon at the Huntington - Sheraton Hotel at 12:30 p.m., May 21. Mrs. Tappaan, a member of Delta Gamma sorority, represents that organization in Panhellenic, the association of 18 Greek-letter national sororities, members of the National Panhellenic Counci, in the Pasadena area. Installation will be made by Mrs. Stark Baker, outgoing president. Mrs. Ray B. Anderson, historian, will give the annual report.

Honored guests will be past presidents of Panhellenic, sorority presidents and the nine, high school senior winners of the yearly Panhellenic scholarship contest.

Women's fraternities were the first organized groups on college campuses, except for Phi Beta Kappa which later became an honorary scholastic association. Panhellenic was the first intergroup organization on campuses, antedating all the multiple student organizations now active at colleges. The organization saw the need, and today services deans, personnel counsellors and health staff are outgrowths of the pioneering done by women's fraternities.

Membership in a sorority is by mutual choice and offers the closeness of family relationship with an opportunity of growing responsibility in life for each young woman.

Other officers to be installed, to represent their sorority as well as officiate during the 1964-65 year, will be Mrs. Donald G. Murray, Gamma Phi Beta, vice president; Mrs. Elwood Laine, Alpha Chi Omega, recording secretary; Mrs. Howard Leason, Delta Delta Delta, corresponding secretary; Mrs. Hartley Smith, Alpha Zi Delta, treasurer; Mrs. Langdon H. Strange, the thoughts that come to you. With every ad breathing down your neck about Mother's Day, my thoughts turn to my own childhood and my own mother. I wonder down deep if my children will think of me and have the same respect as I have for her.

I did not have permissive parents. I grew up with a very secure feeling that if I needed discipline and understanding I could count on my parents. They were never afraid of me or of my brother and sister. They knew, in spite of our vast knowledge, that we needed guidance. They helped us to grow inside as well as out. They felt it was their moral responsibility to give us more than just rules. We had lots of laughter and togetherness without chains. They encouraged us to think and to be independent and, most of all, we were taught to be sensitive to our fellowmen. My mother always felt that the greatest gift she could give was to give of one's time and one's self, and to this day she is like a well that never runs dry. She still gives in the same generous unobtrusive way, because she feels it is a privilege to be allowed to help.

My mother is just the kind of person I would hope I could be some day.

There is happy Mother's Day news for the John Delaneys this year. Mr. and Mrs. John Francis Delaney (nee Gloria Gutierrez) became parents of their first-born son on April 29. The baby weighed 8 pounds, 2 ounces and was 21 inches long. He was born at St. Luke Hospital just three days after his mother's birthday. They are naming him Timothy John Delaney. His maternal grandparents are Mr. and Mrs. Arturo Gutierrez and the paternal grandparents are Mr. and Mrs. Anthony R. Delaney.

Young Tod Hoffman, son of Mr. and Mrs. Roy Hoffman of Cricklewood Path had a seventh birthday he will long remember. He had a fishing party to celebrate the occasion and his guests were askekd to bring tropical fish, instead of the usual birthday toys, to stock his new acquarium.

Inasmuch as May 5 is "Boy's Day" in the Orient Mrs. Hoffman decided to carry out the oriental custom of giving each child a paper Japanese carp on a stick, much as they display in Japan to signify the boys in a home. She filled the fish with candies. The children were taken to Jack's Fish Ranch in Pico, where they were allowed to catch one trout to bring home (cleaned, that it). After fishing they all went to the park for a picnic. I know one little boy who already has learned to expand the length of that fish three-fold in telling. The guests were David Berringer, Ricky Simons, Eric Maurin, Tom Harris and Suzanne Hoffman.

The William Olsens of Old House Road have been a busy couple of late. They have been entertaining old school friends, Dr. and Mrs. Richard Young, from Detroit, Mich. Mrs. Olsen and Mrs. Young have been friends ever since the days they played dolls together.

Last weekend the Olsens went down to San Marcus with the Bob Mardians. Bob Mardian and Bill Olsen were playing in a bridge tournament together.

Mr. and Mrs. John Park of Villa Rica joined Mr. and Mrs. Richard Garcia of Glendale last weekend for a trip to San Francisco. They overnighted it on the way at a favorite place in Santa Maria.

Mr. and Mrs. Sidney Parker and Mr. and Mrs. Donald Stoll, both of Villa Mesa, returned last week from a 22-day tour through Europe. They were on the TWA planned tour, which was extremely complete but fast and tiring. They said it is

Ascension

The Church of the Ascension celebrates the feast of the dedication of the parish, on the Feast of the Ascension.

Ascension Day is a Holy Day of Obligation for all Episcopalians to attend Mass. Masses scheduled for today are 7 a.m., 9 a.m. and 6:30 p.m.

Following the 9 a.m. Mass, coffee and rolls will be served in the Art Room of the Parish School, under the auspices of the Women of the Church.

Following the 6:30 p.m. Mass, there will be an All-Parish Pot Luck Supper in the Parish Hall.

On Sunday, May 10, the Rt. Rev. Ivol I. Curtis, Suffragan Bishop of the Diocese of Los Angeles, will administer the Sacrament of Holy Communion to a class of 25 children and adults at 4 p.m. The Confirmands will be presented to the Bishop by the rector, the Rev. Harley G. Smith Jr.

The parish also is awaiting the forthcoming visit of the Rt. Rev. Wilfrid Arthur Edmund Westall, Bishop of Crediton, a suffragan bishopric of the See of Exeter, England.

The Bishop is in this country under the auspices of the American Church Union, and will preach and preside at the 10:30 a.m. Mass on Sunday, May 17.

Church Observes Mother's Day

Mother's Day will be observed Sunday, May 10, at the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia, by honoring all mothers everywhere. The topic of Dr. Ethel Barnhart's sermon at both the 9 and 11 o'clock worship services will be "The Power of Mother Love." The Cherub and Chapel Children's Choirs will bring their gift to the services. Dr. Irma Glen, our minister of music, and Mr. Mackey Swan, soloist, will add their great talents. Following the 11 o'clock service coffee will be served during a time of fellowship. Child care is provided at both services.

The youth of Arcadia, who are the future citizens of our world, need spiritual awakening. To meet this challenge, graded classes in spiritual education are provided at 9 a.m. for children from pre-school through junior high school.

The spiritual needs of the senior high youth are met at the Youth Activity which meets Sunday evening at 7 o'clock.

Every Thursday morning at 11 o'clock a very fine Bible Class is conducted by Anna Dozier, presenting the application of laws of successful living set forth in the Bible.

The Santa Anita Church Day School will have open house at 7 p.m. Thursday, May 7. The public is invited to observe the work of the students who range from kindergarten through the sixth grade.

Applications for enrollment are now being taken for both the 1964-1965 school year and a summer session for children from 6 through 11 years of age, which will be held from July 20 through Aug. 14.

Our telephone ministry is conducted through a Dial-for-Prayer, HI. 7-6162. Call day or night for spiritual help.

Sunday Theme At Christian Science Churches

"Surely your turning of things upside down shall be esteemed as the potter's clay." This verse from Isaiah (29:16) will be a major theme at Christian Science churches this Sunday. The subject is "Adam and Fallen Man," and the responsive reading opens with Genesis (1:27): "God created man in his own image."

The Lesson will conclude with these lines from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The great truth in the Science of being, that the real man was, is, and ever shall be perfect, is incontrovertible; for if man is the image, reflection, of God, he is neither inverted nor subverted, but upright and Godlike" (p. 200).

Bethany Church Men's Fellowship To Have Bar-B-Q

Bethany Church Men's Fellowship is featuring "Bring Your Own Steak" Bar-B-Q and recreation Tuesday night, May 12, at 6:45.

All men from the Sierra Madre Bethany Church and the community are invited to attend this "Get Acquainted" program. In addition to the steak barbecue, a full night of recreation including volley ball, table tennis, shuffle board and dart baseball as well as chess and checkers (for those less athletically inclined) is planned under the leadership of Mr. Stan Moyer.

This is the third monthly meeting for the men of Bethany Church this year. The April meeting saw some 90 men and boys enjoy the fellowship of a sumptuous meal and the magic feats of Mr. Bill Dreisdadt.

Some of the activities of the future include a father and son dinner, a three-par golf tourney, and a Dodgers baseball game to which the wives are invited. Mr. Don McDonald, Arcadia contractor and president of the group, urges the men of the community to attend this very interesting meeting next Tuesday.

Bethany Church Notes

Bethany Church of Sierra Madre is observing National Family Week this week in all of its services. On Wednesday evening, Pastor Robert Schaper brought a study on the subject, "Prayer in the Home," emphasizing the need, example and results of prayer upon a Christian family. On Sunday morning, May 10, he will preach at the 11 a.m. worship hour on the theme, "The Godly Home." His ministry in this regard has proved to be very profitable in the past. Many ministers and sociologists are alarmed at the breakdown in the home and this message is especially timely. The families of the community are especially urged to participate.

Another special feature of the day will be the appearance of the Rev. Chris Christiansen, Eastern representative of The Evaneglical Alliance Mission (TEAM). He will speak at the 7 p.m. worship hour. Mr. Christiansen represents the work of a mission which has more than 800 missionaries working in 18 foreign fields around the globe. He has been a missionary in South Africa for 36 years, where he worked closely with the Bantu Evangelical Church and taught at the Union Bible Institute. He is one of the more than 300 missionaries who are meeting next weeek in annual conference at the Lake Avenue Congregational Church. Bethany Church helps support two TEAM missionary families: Mr. and Mrs. Tom Mitchell, presently on furlough but assidned to Japan, and Mr. and Mrs. D. T. Dale, also serving in Japan.

The public is cordially invited to attend the services of the church located at 93 N. Baldwin.

Rev. Carlsen To Convention

Rev. Niels C. Carlsen and Mr. Francis Brandon will represent Bethany Lutheran Church at the annual convention of the South Pacific District of the American Lutheran Church to be held May 12-15 at the Hotel El Dorado in Sacramento.

Rev. Carlsen will also be meeting with the District Evangelism Committee of which he is a member.

Featured speakers at the four-day meetings will be Rev. Doctor A. E. Hansen, recently retired president of the Minnesota Northern District; the Rev. Mr. Herbert Nottbohm, assistant to the president of the A.L.C.; the Rev. Dr. Gaylerd Falde, president of the South Pacific District, the A.L.C.; and the Rev. Mr. E. J. Cornils, executive vice president of the South Pacific District.

The annual mother-daughter banquet for Bethany Lutheran will be held in the Social Hall on Friday, May 8, at 6:30 p.m. Mrs. Theodore Hax, the president of the South Pacific District American Lutheran Church Women will be the featured speaker. On Sunday, May 10, Rev. Carlsen will bring a Mother's Day message to the congregation. Mrs. Edith Heilskou and Mrs. Natalie Carlsen will sing a vocal duet, and the Sr. Choir will sing an appropriate anthem.

Mr. and Mrs. Daniel Lopez,, 1518 N. Hilltop Dr., Azusa, a boy, April 2.

Mr. and Mrs. John Eggler, 627 E. Cypress, Glendora, a girl, April 4.

Local Boys Build Giant Book Report

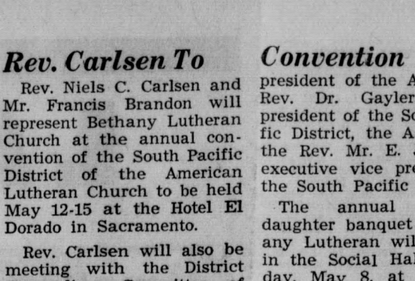

It's nice to get onself lost in a good book, get carried away by the plot. This is exactly what happened to two Sierra Madre boys, Glen Wingate of 105 E. Sierra Madre Blvd., and John Sullivan of 223 San Gabriel Court.

The book that inspired these two youngsters to build a book report is Paul Bunyan, the great and legendary character who has held many of us spellbound —and that is right, the boys "built" their book report.

Glen and John constructed a giant Paul Bunyan. He was made of chicken wire and then strips of cloth soaked in plaster of paris were wrapped around the frame in various colors and patterns to make a very likeness of the great man. This tremendous book report was on display at Sierra Mesa, room 12, at the school's open house.

ORDINANCE NO. 722

AN ORDINANCE OF THE CITY OF SIERRA MADRE AMENDING SECTIONS 6101, 6102, 6106, 6221, AND ADDING A NEW SUBSECTION 6221-1 AND NEW SECTION 6229 TO THE SIERRA MADRE CITY CODE

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN:

SECTION 1. Section 6101 of the Sierra Madre City Code is hereby amended to read as follows:
Sec. 6101. Application.

Any person, firm or corporation desiring to obtain such bicycle registration certificate, shall make application to the Chief of Police upon forms provided by the City of Sierra Madre setting forth the name and address of the applicant, the make, serial number and color of the bicycle, together with such information or description as may be required by the Chief of Police sufficient to identify the same. Upon receipt of such application and upon the payment of the registration fee hereinafter required, the Chief of Police shall issue a registration certificate and a license tag, plate or seal for the bicycle to be registered.

SECTION 2. Section 6102 of the Sierra Madre City Code is hereby amended to read as follows:
Sec. 6102. Plates.

Said license tag, plate or seal and such registration certificates shall be numbered and shall bear the letters "SMDRE." Such license tag, plate or seal shall be suitable for attachment to the frame of a bicycle and it shall be the duty of the Chief of Police immediately upon the issuance thereof, to attach said license tag, plate or seal to the frame of the bicycle for which it was issued. Such license tag, plate or seal shall be maintained permanently attached. The Chief of Police shall retain upon file in his office all applications for bicycle licenses, and shall also keep and maintain a record of the date of issue of each license, the person to whom issued, and the number thereof.

SECTION 3. Section 6106 of the Sierra Madre City Code is hereby amended to read as follows:
Sec. 6106. Fees.

The registration fee to be paid for each bicycle shall be One Dollar ($1.00) and shall be paid in advance, and pursuant to Sec. 6104 hereof, such registration may be transferred when the ownership of said bicycle is transferred, and a fee of One Dollar ($1.00) shall be paid for the transfer of each registration, and a new registration certificate shall be issued. All registration fees collected under this chapter shall be paid into the General Fund of the City of Sierra Madre. (Ord. 467—Sept. 26, 1947.)

SECTION 4. Section 6221 of the Sierra Madre City Code is hereby amended to read as follows:
Sec. 6221. Fees.

The license fee for keeping and maintaining a dog in the said City of Sierra Madre is hereby fixed as follows:

For every dog, the sum of $3.00 per year; provided, however, that except as hereinafter provided, it shall not be necessary to procure a license or pay a license fee hereunder for any dog under the age of four months.

Each such license shall be payable annually in advance on the first day of July of each year and same shall expire at midnight on the 30th day of June of the succeeding year.

SECTION 5. A new Section 6221-1, reading as follows, is hereby added to the Sierra Madre City Code:
Sec. 6221-1. Proration.

Except as in this section set forth, every license shall be paid for a full year regardless of the date of application therefor. Any application made between April 1st and June 30th of any year shall not, however, expire until June 30th of the following year.

SECTION 6. A new Section 6229, reading as follows, is hereby added to the Sierra Madre City Code:
Sec. 6229. License Clerk.

Whenever the position of license clerk shall be established by the city, then the licensing provisions of this part shal be transferred from the City Clerk, Poundmaster and the Chief of Police to such License Clerk.

SECTION 7. The City Clerk shall certify to the adoption of this ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper of general circulation, published and circulated in the City of Sierra Madre.

Passed by the City Council of the City of Sierra Madre on this 28th day of April, 1964.

ORDINANCE NO. 720

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE AMENDING SECTION 9539 OF THE SIERRA MADRE CODE.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN:

SECTION 1. The City Council hereby finds and determines that the amendment to the Sierra Madre Code hereafter set forth are based upon the recommendation and supplemental report of the Planning Commission after a public hearing thereon by the Planning Commission and upon a public hearing by this City Council, all as prescribed by statute and ordinance, and that such amendment is in the best public interest and that the same is necessary and appropriate for the orderly and planned development of the R-1 Zone areas of this City.

SECTION 2. Section 9539 of the Sierra Madre Code is amended to read as follows:
Sec. 9539. Wall of Fence May Be Maintained.

A. Except as hereinafter set forth, a wall, fence or hedge six feet in height may be located and maintained on any part of a lot, except that on corner lots all such walls, fences or hedges shall comply with the provisions of Section 9531;

B. No fence or wall may exceed 42 inches in height when located within 25 feet of the front yard line;

C. Where a retaining wall protects a cut below the natural grade, and is located on the line separating lots, such retaining wall may be topped by a fence, wall or hedge of the same height that would otherwise be permitted at the location if no retaining wall existed. Where a retaining wall contains a fill, the height of the retaining wall built to retain the fill shall be considered as contributing to the permissible height of a fence, solid wall or hedge, provided that in any event, a protective open work fence or wall not more than 42 inches in height may be erected at the top of the retaining wall. An open work fence means a fence in which the component solid portions are evenly distributed and constitute not more than 60% of the total surface area of the face of the fence.

SECTION 3. The City Clerk shall certify to the adoption of this ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper of general circulation, published and circulated in the City of Sierra Madre.

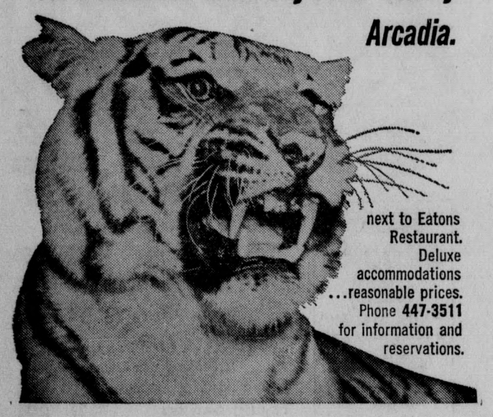

Passed by the City Council of the City of Sierra Madre on this 28th day of April, 1964.

IN THE OLD DAYS really good carpet was hard to come by. It was usually such a valuable possession that folks did everything they could to keep from walking on it. Remember? Rugs on rugs. Locked parlor door. And pulled blinds to keep the sun out. But,

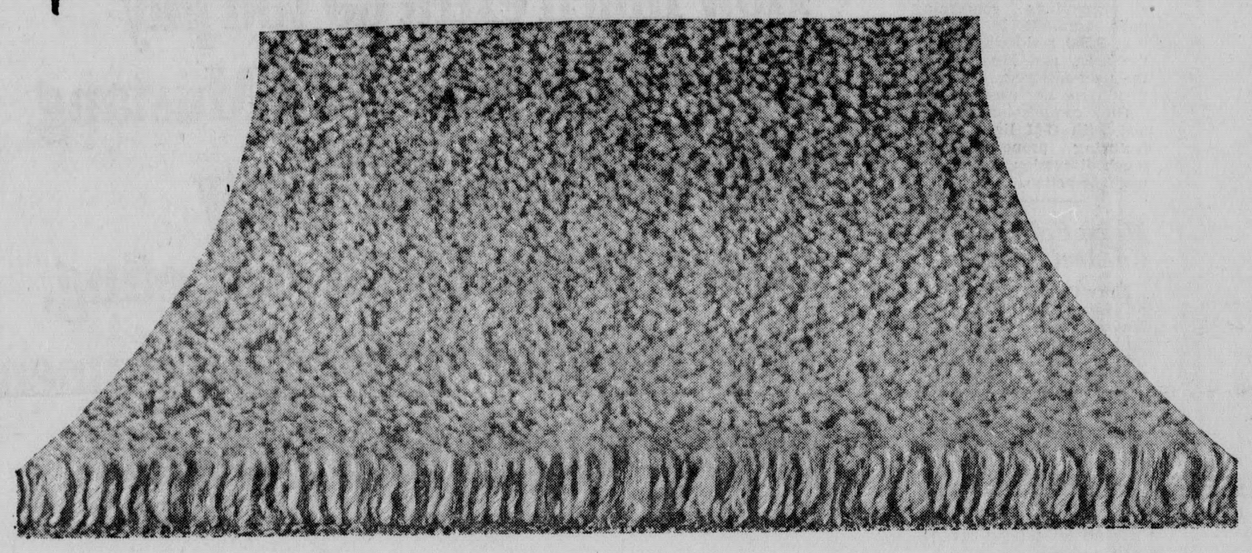

THIS CARPET PILE IS MADE WITH ACRILAN ACRYLIC FIBER
ACRILAN acrylic fiber CHEMSTRAND
THIS "A"-ACRILAN® SYMBOL IS LICENSED ONLY FOR USE ON CARPETS CONTAINING 70 TO 100% OF CHEMSTRAND'S ACRYLIC CARPET FIBER IN THE PILE. THE PILE MUST ALSO CONFORM TO RIGID SPECIFICATIONS FOR THE THICKNESS, WEIGHT AND BLEND FIBERS WHEN USED.

TODAY THERE'S A NEW TRADITION IN CARPET:
ACRILAN® acrylic fiber. Makes carpet luxurious and practical. And you can choose from a marvelous array of color-right styles for use with any decor. Since Acrilan is so much easier to clean, so resilient, so practical and long lasting, you can let your family live in every room of your home. (P.S. Acrilan won't strain your budget, either.)

A HOME IS TO LIVE IN

Good thing there's Acrilan® — the new tradition in carpet. Because carpets made with Acrilan acrylic fiber in the pile are luxurious and practical — wonderful to look at, easy to live on. And what an outstanding array of palette-perfect colors! Makes decorating a pleasure — not a grueling chore. Resilient, long wearing Acrilan stands up to family living. It's much easier to care for, too. Your carpet keeps its handsome new-look year after year. With Acrilan, you can enjoy your home more.

New Tradition In Carpeting . . . .

Rich, luxurious, color-perfect carpet made with Acrilan acrylic fiber in the pile is certainly a visual delight. But Acrilan is more than just something lovely to look at. Families can LIVE on Acrilan. Because it doesn't need to be pampered. • And don't underestimate the heavy, demanding usage that father, mother and growing children can give a carpet. Only the best can take it. That's Acrilan. Just watch it perform and you'll see. • Normal maintenance keeps Acrilan new-looking in living rooms and family room (even after parties). Acrilan recovers from the pressures of day-to-day family activities. Most dining room mishaps can easily be cleaned away with nothing more than detergent suds. No problems with moths, mildew or allergies, either. In fact, there's really very little to worry about when the carpet is made with Acrilan.

Picture Perfect...See It at Brown's...

Carpets made with Acrilan can give any room the look of a beautiful picture. Hundreds of different styles and palette-perfect colors make Acrilan ideal for exciting, vital decors, or soft, relaxed moods. Acrilan is right for any picture. That's why millions of square yards of carpets made with Acrilan are now in use in homes, offices, hospitals, schools, airlines (and even ships). Each day, millions of people enjoy the lasting beauty and practicality of Acrilan . . . . the new tradition in carpet. The vast array of lasting colors and textures available with Acrilan makes it ideal for any decortaing situation. And Acrilan's performance makes it a practical choice. Performance-proved Acrilan assures satisfaction in virtually every type of residential and commercial use.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that pursuant to the provisions of the Code of the City of Sierra Madre, Section 9625, that the Planning Commission of the City of Sierra Madre has fixed Thursday, May 21, 1964, at the hour of 8:00 o'clock P.M. in the Council Chambers of the City Hall, 55 West Sierra Madre Blvd., Sierra Madre, California, as the time and place for holding a public hearing on a proposed lot split and variance.

The proposal is to create four parcels from property described as Lots 8, 9, and 10, Tract 8305, further described as the northwest corner of Montecito Ave. and Grove Lane. Parcels A and B will have frontages on Grove Lane and parcels C and D will have frontages on Montecito Avenue.

Parcel A—	55x143.75 ft.	Area	7906 sq. ft.
Parcel B—	55x143.75 ft.	Area	7906 sq. ft.
Parcel C—	59.69x144.88 ft.	Area	8580 sq. ft.
Parcel D—	84.05x139.46 ft.	Area	11,840 sq. ft.

A variance is requested for Parcels A, B and C which will have substandard frontages varying from the requirement of 60.0 ft.

Application and plans are on file in the office of the Secretary of the Planning Commission.

The application alleges that there are special circumstances attached to said property which generally do no apply to other properties in the same district and vicinity; that the granting of a lot split and variance as aforesaid will not result in a material damage or prejudice of other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof, in that the proposed lot split and variance, if granted, would be subject to such conditions as the Planning Commission may deem necessary to assure that the spirit and purpose of said City Zoning Code will be observed, public welfare and safety secured, and substantial justice done to all parties.

Interested persons may attend and be heard.

Business Men's Paintings Now on Exhibit

The paintings of the Business Men's Art Institute are now on exhibit and will be through the month of May in Wilshire Federal Savings Gallery, 3500 Wilshire Blvd., Los Angeles.

The institute, a non-profit corporation, was founded many years ago as a means of providing business and professional men in all walks of life with the facilities to "study art as a hobby." They own their own studio at 905 S. Beacon St., Las Angeles, and hold classes for membery every Monday and Thursday evening.

The works of over 25 artist-members will be on display daily Monday through Thursday from 9 a.m. to 4:30 p.m., and until 6 p.m. on Fridays.

Walter Willson and Don G. Campbell are co-exhibition chairmen.

Planning Commission Moves

that street improvements with curbs and gutters be made by a 1911 improvement act, charges based upon the benefits to the areas involved. No separate set back ordinances for the Canyon area. Adequate guard rails, and that the city acquire land for intersections.

Area 5. All suggestions and existing conditions noted by other Commissioners was established as being the same in area 5 being that area bounded by Vista Circle on east and Woodland Drive on west.

Area 6. Bounded by Vista on west and Sturtevant and Oakdale on southeast. Area is 99 per cent built out, street improvements with off-street parking needed and demanded for any new building or improvements.

Area 7. Los Rocas bounded by Sturtevant Drive. R-1 Hillside area. Complete condemnation suggested. No more houses allowed to be built except that which has adequate parking and car ports. Curbing is suggested such as "Lazy Curbing."

Chairman Casey then made the announcement that the Commissioners were in agreement on Consolidation of lots, definite set-backs, curbs and gutters and strict adherence to all building codes, but several points were noted that no agreement was made.

Covering the flood control channel in the future for a major artery into the area was discussed as was the notation that some lots in the area were but 18' wide.

This study was made on grolunds of the protection of the health and welfare of the residents of the area, and one needs to but look at the map, states the Commissioners, to discover what would happen if a major fire hit the area from below and worked upward, many hundreds would be roasted alive, due to no escape from the area except the wash ditch.

The Commission adjourned its meeting with the statement that they would put the propostion on the agenda at the next meeting after which they would request a joint meeting with the City Council, so that all parties could be aware of all the problems involved before any definite action was taken.

It was believed, that by the time this comes about the Canyon Area residents will again revive their association and have adequate representation at any and all meetings concerning their area. It is believed that 3,500 residents live in the area, and have during the past few years felt that they were not represented.

The commission continued with C-M light manufacturing proposal, with much discussion, but no immediate action.

Hartman Pharmacy Celebrates

had built across the back wall of the store.

When the Hartman family first moved to Sierra Madre, Rudy commuted back and forth to Santa Monica to finish out the school year, and in June he caused quite a local sensation when he moved his monoplane. By folding up the wings and attaching a broomstick to the tail, he and a friend towed the plane from Santa Monica to Sierra Madre. The 30-mile trip took them all day, and they were mighty glad when a local crowd met them at Foothill and helped push the rest of the way.

Rudy immediately registered as an apprentice pharmacist, and started serving the five years required, in his father's pharmacy. In 1913 he graduated from Pasadena High School, and devoted the following year to studying the clarinet and his apprenticeship. In 1916 he graduated from the University of Southern California as a registered pharmacist, but had to work as an assistant pharmacist until October when he became 21.

Rudy and his wife, Myrtie, were married on May 24, 1917, and in 1919 they bought half interest in "The Sierra Madre Pharmacy." It was F. H. Hartman and Son until 1937 when Rudy bought the second half of the business and his father retired. It was at this time that he changed the name to the present "Hartman's Pharmacy." Since 1925, Rudy and his family have lived in the home that they built at 460 N. Lima.

In the early 1950's, "Hartman's Pharmacy" was again remodeled, and now offers the same couteous and dependable service, and a complete line of every drug need in an extremely pleasing store.

For 54 years, the Hartmans, father and son, have given to Sierra Madre the security that comes with having a trusted and highly respected pharmacist, plus a store that is a tremendous asset to the community.

"Happy Anniversary to "Hartman's Pharmacy" and may they have many, many more.

Letters to the Editor . . .

I may not believe in what the man says, but I will defend to my death his right to say it.—(similar words of Voltaire)

Dear Editor:

A golden spike, driven 95 years ago May 10, completed the first transcontinental railroad. The Iron Horse is just now getting its second wind. It meets the challenge of its non-rail competitors. These are formidable only in their ability to wangle welfare state subsidies by pleading infancy. Hoary 19th Century hobbles of monopoly type over-regulation and discriminatory taxation are finally wearing out.

Service improvements raised railroads from beggars for crumbs of traffic refused by others. Labor relations, long strained by necessary work rules revision, are finally on the mend. President Johnson inspired a settlement in the public interest and acceptable to both sides.

The high cost of subsidized flight and the traffic nightmares created by too many automotive toys encourage appreciation of our faithful railroad workhorse. Whenever we allow political expedience to sever the steel bands forged at Promontory, Utah, in 1869, we invite the red boss to bury us.

Very respectfully,
—K. FRITZ SCHUMACHER.

Time is the test of Integrity

Today, "Rose Hills" means perfect service and remarkable beauty. Dedicated management, a naturally favored location and FIFTY YEARS of effort have produced complete mortuary and cemetery services in the most comforting surroundings...all at one place. The great intangible asset at Rose Hills is unswerving integrity—a primary reason for this half-century of progress. Rose Hills was among the first to develop the before-need plan of cemetery property purchase to assure maximum family protection at lowest possible cost. Rose Hills perfected the idea of one responsible management for more efficient service, and, therefore, greater economy for all. Rose Hills has always provided services to meet the requirements of every family—considering every budget, every situation, every need. And, most important, Rose Hills continues to invite price comparison to prove that every one of its services is the best value obtainable—that so much more, costs no more.

going to take them some time to really appreciate all that they saw in the brief time allotted to them. They covered by bus, train and boat parts of England, the Netherlands, Swizerland, Austria, France, Germany, Monaco, Liechtenstein, Italy and eBlgium. They stopped for a couple of days upon their return in New York and saw the World's Fair. One note of interest—the only bad weather they encountered during the entire trip was in New York.

An accolade is in order for the juniors and seniors of La Salle High School. The juniors had their post-prom dinner party at the home of Mr. and Mrs. Dominic Giangregorio on Sierra Madre Villa. There were 65 young couples in all and, although teh hour grew late, there was no time they did not conduct themselves as the fine young adults they are.

Their entertainment might have been classified from the sublime to the ridiculous. For music they enjoyed the strains of the "Indestructables," string combo. They were, by name, Tracy Priest, Tom Halliday, Frank Sullivan, Dave Kennelly and Bill Bryson. I might add that the chaperones enjoyed the music as much as the young people. The other item on the agenda was a showing of old-time silent movies, which, as the saying goes, "brought down the house."

About the best thing you can say about the group was the fact that both Mr. and Mrs. Giangregorio requested that they come back again next year for their post-prom party!

have written in answer to a letter printed in your fine paper about a week ago from a person named Guason. I hope you will find room to print this. I am 19 years old but I have tried to put my feelings into words you and others may understand. Thank God for people like you, Mr. Evans. Thank you.

Respectfully
—JOSEPH WEBER
708 Lorena Ave.
Arcadia, Calif.

Dear Editor:

Recently, in your paper, I read a letter which was written by a person who signed his name as Guason. Perhaps the gentleman was too embarrased by his own political beliefs to sign his real name. Thank God our Founding Fathers were not so embarrassed when they pledged their lives, their fortunes and their sacred honor to the winning of their freedom. But be that as it may.

When writing a letter to a newspaper, one should always be sure of his facts. I must concede that Guason must never have written a letter to his newspaper before, because he completely neglected this all-important rule. The U.N. was established by Alger Hiss, which doesn't exactly bring the help of the angels to it. It was established not to bring freedom to the world, but to bring peace to the world. It has not exactly done its job. Instead, it has exchanged peace for **peaceful** coexistence with Moscow. To truly understand the United Nations' objectives and ideals, one should read the Communist Party newspaper, The Worker. However, if this is not available, the Washington Post or the New York Times will do very nicely. The fairy tales this magnificent country has had to bear. The story on it alone would take a volume and a half, and we haven't time now to go into it. Keep up the good work, Mr. Evans, you are a source of inspiration to us all.

May I close now by saying, God deliver us from our enemies, the United Nations, the National Council of Churches, and the Godless Supreme Court. Deliver us from evil, O Almighty God.

Sincerely,
—JOSEPH WEBER,
708 Lorena Ave.
Arcadia, Calif.

Added Attraction

An added attraction for show visitors will be the viewing of the thousands of rose bushes, now at the peak of their first spring bloom, in the official American Rose Society display and test garden where the show is held, vanBerneveld said. More than 4,00 bushes of 397 varieties are on display daily in the garden at Rose Hills.

Annual Mother's Day Rose Show At Rose Hills

Special competitions for six new "Golden Anniversary" trophies will be a **highlight of the** fifth annual free Mother's Day Rose Show scheduled Saturday and Sunday, May 9 and 10, in the "Pageant of Roses Garden" at Rose Hills Memorial Park.

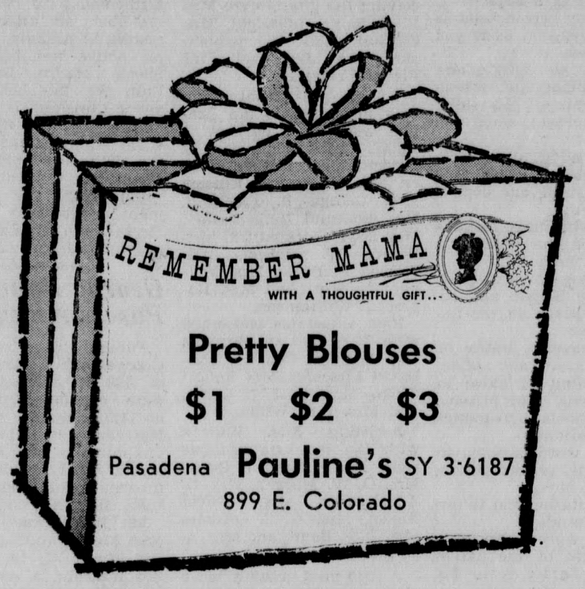

The new trophies are being offered in observance of Rose Hills' 50th anniversary this year, according to R. L. McNitt Jr., president of the mortuary - cemetery firm. One will be awarded in each of the four sections for flower arrangers and two in the rose specimen competition, he said.

"To qualify for the golden anniversary trophy in the specimen bloom section, the rose must be of a variety which has been in commerce 50 years or more," McNitt said. "A list of such roses is available without charge from Rose Hills, as is a free brochure outlining entry classifications, awards and rules."

John vanBarneveld, show chairman and Pacific Southwest Director of the American Rose Society, said he and his committee chairmen anticipate more than 1,000 **cut rose** and rose arrangement entries in this tenth show at Rose Hills, which has become one of the na**tion's largest rose** shows.

The two-day show is open to the public without entry or admission charge, vanBerneveld said. Entries will be accepted between 7 and 10:30 a.m. on Saturday, May 9. Following the judging by some of the country's top rose experts, the show will be open to the public from noon to 6 p.m. on that day and from 9 a.m. to 6 p.m. on Sunday, Mother's Day. Ample free parking is provided nearby.

In addition to the special golden anniversary trophies and the usual flower show prizes, Rose Hills also is offering 10 individual awards of $10 worth of rose bushes to runners-up in each cut rose section. The firm also will award a one-year American Rose Society membership to any blue ribbon winner who has never been a member of a rose society.

Watson Claims Assessment Lists To Be Published

The Board of Supervisors and, in particular, County Assessor Phil Watson, are to be congratulated on their action last Tuesday in ordering notification to assessees of the amount of their land and improvement assessments through newspaper publication.

The county board voted unanimously for publication in lieu of alternative postcard notice after the county assessor expressed his opinion that the publication of the full listings, house by house and street by street, would enable assessees not only to know the amounts of their own assessments, but also the amounts of their neighbors' assessments. Thus, they could compare values and determine whether or not their assessments have been fairly levied in comparison with those of their neighbors and in ratio to the established formula of 25 per cent of the true market value.

This, he declared, would be in the nature of a "public audit," which he said he heartily favored as a challenge to his office and as a service to the taxpayers.

When the legislature in 1963 made mandatory the notification to assessees of assessment increases, the county of Los Angeles was given the option of using newspapers and also the option of publishing the full lists in installments progressively over a period of years till the entire county was covered. Changes for unlisted areas are to be published in local newspapers concurrently. While such an approach to the full accounting will not complete all listings the first year, it will accomplish the job over a period of years and the annual cost would thereby be lowered very substantially. Although Mr. Watson himself recommended the full publication of all the listings, we think the supervisors very prudently have done the right thing in limiting the annual cost for the publication and spreading the service over a period of years.

In any event, the pattern of accountability to the taxpayers has been set. This is one more instance where conscientious public officials have endeavored to "let the people know."

Cobwebs

passed Wednesday night calling for immediate posting of notices on all vacant lots instructing owners to clean up their property, or the City will proceed with the work, the charges for which will be added to the property owner's tax bill.

Found in a May, 1924, issue of the Sierra Madre News:

What Is a Boy?

He is the person who is going to carry on what you have started.

He is to sit right where you are sitting and attend to those things you think are so important, when you are gone.

You may adopt all the policies you please, but how they will be carried out depnds on him.

Even if you make leagues and treaties, he will have to manage them.

He is going to sit at your desk in the Senate and occupy your place on the Supreme Bench.

He will assume control of your cities, states and nation.

He is going to move in and take over your prisons, churchs, schools, universities and corporations.

All your work is going to be judged and praised or condemned by him.

Your reputation and future are in his hands.

All your work is for him, and the fate of the nation and of humanity is in his hands.

So it might be well to pay him some attention.

Arcadia League Welcomes New Members

New provisional and associate members of the Assistance League of Arcadia were welcomed at a tea held at the Hampton Road home of Mrs. William Knight. The entire membership, including members of the Assisteens Auxiliary were guests at the annual affair held on April 23. Receiving the guests were Mrs. R. E. Baum, president, Mrs. Clifford Willcox, membership chairman and Mrs. Richard Young.

The 11 provisional members presented to the League were Mrs. William J. Appel, Mrs. Marven E. Borden, Mrs. A. Edsel Curry, Mrs. Howard F. Ellison, Mrs. George R. Frompter, Mrs. Edmund Hergenrather, Mrs. David Kirkpatrick, Mrs. Horace W. McKim, Mrs. Warren F. Paetz, Mrs. William L. Scott and Mrs. Robert A. Williamson.

New associates welcomed were Mrs. William Burgess, Mrs. William Coulson, Mrs. David Hirschler, Mrs. Robert Klein, Mrs. Carl C. Lamb, and Mrs. Dan Willis.

Assisting Mrs. Willcox with the tea arrangements were Mrs. Laurence Dunn, Mrs. O. W. Morgan, Mrs. G. A. Ryness, Mrs. Grover Brown, Mrs. G. S. Ortman, Mrs. R. E. Baum and Mrs. A. F. Slover.

A pale pink organdy table cloth and a pink carnation and white stock floral arrangement carried out the pink and white color scheme. Members pouring at the tea table were Mrs. Edward Maupin, Mrs. John Saunders, Mrs. Wilbert Rydbeck, Mrs. Homer Murrphy, Mrs. Lawrence Lydick, Mrs. Byron Knoblauch, Mrs. Laurence Dunn and Mrs. Alton Watson.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

They'll be here any minute! As soon as I finish the flowers I'll go and sit with Dad on the front porch, so we'll be right there when they all drive in. It'll be just wonderful to see them again.

Dad and I were saying last night that we couldn't have been blessed with better children or lovelier grandchildren. We've been so fortunate. Of course, there have been some tragic and terrible times, but God has never failed to give us the strength to meet them, and the courage to go on again.

We've always been a churchgoing family, and I know the children never miss a Sunday even now. Tomorrow we'll all go to church together, and it will seem like the old days when our family was still here at home. We have so much to thank God for, every one of us.

"For as a man thinketh in his heart, so is he."
— Prov. 23:7

Lack of Quota

Governor Brown's 59th birthday party, attended by faithful friends and political supporters at San Francisco's Fairmont Hotel last week, was the scene of what has become an almost boringly familiar occurance: a racial demonstration.

There were no mass arrests, no sit-ins or shop-ins. But at issue was the same complaint that has sparked protests at supermarkets, hotels and automobile agencies in California in recent weeks — the alleged lack of a proper quota of Negro representation in employment.

In the Governor's case, the protest concerned the racial makeup of the Brown-selected California delegation to the Democratic National Convention. According to the demonstrators, the delegation includes only five Negroes out of a total of 162 persons. The Governor's defense, identical to that of the management of picketed businesses, was that delegates were selected not on the basis of race but of qualifications for the job — in this case party position and prior service in the Democratic party cause.

In California, where voting rights and public accommodations are not at issue, racial controversy has more and more zeroed in on the argument over whether or not employers have the right to choose employees on the basis of job qualifications, regardless of race, creed or color. A letter-writer to a San Francisco paper has raised the question, tongue-in-cheek, as to the right of the San Francisco Giants management to "discriminate" against Caucasian baseball players simply on the grounds that Negroes are proving to be better qualified on the diamond.

Ironically, California's Fair Employment Practice Act, once regarded as a pioneering measure in ameliorating racial tensions, is serving as a stumbling block to the aspirations of the more militant civil rights demonstrators. FEPC specifically prohibits hiring practices that take into consideration the color of a person's skin. Yet racial counts and racial quotas are now being demanded by civil rights groups, in violation of the FEPC law.

In Illinois, that state's Fair Employment Practices Commission recently ruled that a Chicago employer's hiring aptitude test is illegal in that such tests inadvertently discriminate against minority groups.

Outside the South, despite arguments over de-facto school discrimination and fair housing legislation, the real goal of civil rights demonstrators is enforced employment of minority group members on a quota basis, regardless of job qualifications. If this goal is to be achieved legally in California, it would seem obvious that the state's Fair Employment Practices Act must be repealed.

TV: Fee or Free

Pay TV makes its big time debut in California July 1, when at least 40,000 homes in Los Angeles and San Francisco will be equipped to receive special telecasts, in return for fees of varying amounts.

If the sponsors of the anti-pay TV initiative — petitions for which bear a record breaking million-plus names — succeed in their campaign, pay TV will make its exit shortly after the November election.

Between now and November one thing is certain to happen: argument. Theatrical interests fear TV-for-fee will seriously harm their business, although some of them have profited from pay TV telecasts of major prize fights. Some people say the new venture will improve the quality of all television in a sort of reverse Gresham's law. Others prophesy just the opposite: that fee TV, to get mass audiences will have to offer free TV's level of entertainment. The trade publication Western Advertising chides some hitherto ardent advocates of free enterprise for "attempting to stifle free enterprise by legislative means." So it goes.

Since the public is going to decide the fate of pay TV one way or another, it seems fairly logical that it should have a chance to try it out first. If the state's summer test proves popular, much of the wind may go out of the present "anti" campaign. Be that as it may, we'd like to drop the subject with this one observation: at least pay TV should provide an accurate rating, at last, of audience preference. Nobody we know is going to leave the set on at three bucks a show just to entertain the dog.

Play Ball

Well, the baseball season definitely is with us, although the way our two National League contenders opened the penant race you'd never have known it. What they were playing hardly was describable as baseball.

True, the Giants got off to a good start in the won and lost column, and wonderful Willie Mays burst out of the stall with the greatest springtime demonstration of all-around skill in his big league career. Nevertheless, Manager Alvin Dark's best plays were opposition errors. Most of his boys couldn't see the ball, whether thrown by the opposing pitcher or their own playmates.

As for the World Champion Dodgers . . . well, all that's necessary to say is they wound up their first home series in tenth place, trailing even the Mets. The Mets, you know, are Casey Stengel and some other guys from New York.

Ah well, our heroes assure us better days are ahead. And of course, there's always the presidential campaign to talk about over the old cracker barrel.

FREEDOM

At Any Price

By H. V. Witty

The conspiratoral maggots crawl; the apathetic creatures vegetate — the once healthy body of freedom is being consumed. When the Marxist parasites finally finish off the last of the host, the barbaric orgy of atheistic amorality will then consume itself. Historically, Communism's fate will be total extinction. In the book of Isaiah 33:1, we are counseled: "When you finish destroying, you will be destroyed. When wearied with beraying, you will be betrayed."

But what of us until this inevitable autolysis of Communism?

Is the United Nations the antidote to counteract the creeping paralysis of world Communism? Nineteen years ago a vigorous, healthy, and respected America subjected itself to the quackery of U.N. control. Today, an irresolute and maligned America is tottering on the brink of accepting a world socialistic order which, by its own wording, will destroy the United States Constitution and abolish United States sovereignty.

Is it predestined that we hook our twentieth century thinking to the U.N. tower of Babel and reap the dubious rewards due an addleheaded, benevolent benefactor?

Is it the immovable and unchangeable prognosis of with betraying, you will be slick, slippery innuendos of the Marxist left and then regurgitate Communist doctrine under the guise of peace and human rights?

Are we going to place fate that we succumb to the blind confidence in man and material security or are we going to give our trust to God and principle? Our reaction to these questions, today, will determine the fate of our children, tomorrow.

"The purpose of the Disarmament Treaty as stated by the U.S. Arms Control and Disarmament Agency is to enlarge the U.N. peacekeeping organ to such an extent that no other nation, or state, in the world will have power to resist. So we have an agency of our government which is working to deprive Congress of the power to provide us common defense of the country, or declare war, as well as the President of being commander-in-chief.

"Congress has just voted 700 per cent increase in funds for Disarmament Agency." (Congressional Record 3-11-64).

— ☆ —

"Life cannot be valued above principle. The World will not respect our rights unless we show that we mean to defend those rights."

Captain Edward V. Rickenbacker

"Milan Opocensky visits college campuses sponsored by National Council of Churches. His talks and materials present idea that we should not resist communism but should help communists succeed in their programs . . . that Communists and Christians are working toward the same goal though their methods may be different. He presents no documentation supporting cause of free west." (Congressional Record 2-26-64).

In this columnist's opinion, Mr. Opocensky would have been correct in saying "that Communists and some (so-called) 'christians' are working toward the same goal . . ." That goal being the destruction of Christianity.

The following letter, received by Marion Miller of Los Angeles, was written by seven-year-old Diane Bethel, daughter of Mrs. Edna Bethel of Lake Jackson, Texas.

"Dear Santa:

Could my little brother please have a toy fire truck? He's just three. I'm seven and would like some nice books and some pots and pans and dishes for my play house. But Santa, it's my Mommy and Daddy I'm worried about this year. Could you please get them a sell-out shelter? They must be something like a fall-out shelter. If you don't have any please ask Uncle Sam how to get one. Lots of Mommy's and Daddy's friends want one too!

Oh yes, Santa please leave lots of sets of '1 dozen candles' under the trees for grownups. Daddy says maybe if enough people will read these books, we won't need our sell-out shelters. Please send Uncle Joe a subscription to 'The Dan Smoot Report' cause he's mixed up. He thinks Uncle Sam is you, Santa. Isn't that funny, for a grown man to be so mixed up?

I love you Santa!

Sincerely,
DIANE

BIRCH .... SOCIETY .... SAYS

SUPPORT YOUR LOCAL POLICE.

The drive to set up "Police Review Boards" in various cities is increasing. Please oppose any such action in your city and get others to do so, as vigorously as possible.

Not all policemen are law-abiding angels by any means, and many people who get pulled into supporting these "review boards" are good citizens with idealistic motives. But primary purpose behind the whole movement is to discredit, harass and hamstring the last dependable physical protection we have against the Communist police-state measures of a central government, with its barbouzes and federal marshals.

CARROT TOP

By R. Robert Evans

Have you ever wondered what happened to those men who signed the Declaration of Independence?

—CT—

Five signers were captured by the British as traitors, and tortured before they died. Twelve had their homes ransacked and burned. Two lost their sons in the Revolutionary Army, another had two sons captured. Nine of the 56 fought and died from wounds or the hardships of the Revolutionary war.

—CT—

What kind of men were they? Twenty-four were lawyers and jurists. Eleven were merchants, nine were farmers and large plantation owners, men of means, well educated. But they signed the Declaration of Independence knowing full well that the penalty would be death if they were captured. They signed and they pledged their lives, their fortunes, and their sacred honor.

—CT—

Such were the stories and sacrifices of the American Revolution. These were not wild-eyed, rabble-rousing ruffians. They were soft-spoken men of means and education. They had security, but they valued liberty more. Standing tall, straight, and unwavering, they pledged: "For the support of this declaration, with a firm reliance on the protection of the Divine Providence, we mutually pledge to each other, our lives, our fortunes, and our sacred honor."

—CT—

They gave us an independent America. My only question is: "Can we keep it?"

—CT—

Along this very line is a "Creed" developed by Dean Alfange, which bears much thinking by all American people:

—CT—

"I do not choose to be a common man. It is my right to be uncommon . . . if I can. I seek opportunity . . . not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed.

—CT—

"I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfilment to the stale calm of utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any master nor bend to any threat.

—CT—

"It is my heritage to stand erect, proud and unafraid; to think and act for myself; enjoy the benefits of my creations and to face the world boldly and say, this I have done. All this is what it means to be an AMERICAN."

—CT—

Things to watch for in Sierra Madre during the forthcoming year is the start and completion of the Suffolk street project. City Councilmen have declared that they have already spent $25,000 of the taxpayers money on this, and they are tired of having it hang over their heads.

OUT OF THE COBWEBS

10 Years Ago:
May, 1954

Mr. and Mrs. James Wolfe of Youngland are celebrating a birthday this week. It's the first anniversary of their store purchased last May 1st.

The Wolfes are living at 92 Suffolk, and in the 12 months of their residence in Sierra Madre have become active in many community affairs.

the corner of Hermosa and Sierra Madre Blvd. is really going to break ground this year. This little project will cost in the neighborhood of 250 to 300 thousand, and according to reliable sources the money is all earmarked without any additional being asked from the taxpayers.

—CT—

Bank of America is on the verge of making their decision, and there will be a group of new face-lifting projects for local merchants.

—CT—

The one that we are watching for is the rumored new merchant that is looking for 80,000 square feet of property to light on . . . . This could be quite a project, but not impossible if you stop to figure.

—CT—

Then again is the rumor, not so fantastic, because it does have basic foundation, is the purchase of the entire block of business houses from Montecito Court to Montecito, to Baldwin, down Baldwin, including Kersting Court and back to Montecito Court . . . This rumor states that the prospects are also looking over the possible purchase of the City Hall.

—CT—

This should give a face-lifting to a good many merchants of the area.

—CT—

Of course do not forget "Supplemental Water" this is likely to give a "good face lifting" to a good many when the figure of 12 million is exposed.

—CT—

In closing let me remind you . . . Many old-timers returning to our city after being away five or ten years, cannot believe the changes that have taken place . . . In the next three or four years our College students returning home for summer vacation may be greatly surprised at the changes, I hope, I hope, I hope.

Mrs. Frederic Schweppe, 182 N. Lima, recently entertained at an afternoon party for her granddaughter, Susan Osti, daughter of Mr. and Mrs. Robert Osti, on her sixth birthday. Cohostesses for the fun affair were Mrs. Robert Osti and Mrs. Roberta Ramsell.

Gail-Ann Higgins, young Sierra Madre pianist and daughter of Mr. and Mrs. Harold Higgins, 155 N. Baldwin, won a place on one of the annual spring recitals being given this month by the Pasadena branch, Music Teachers Association of California.

Gail-Ann will be heard, with other contestants under the age of 16, at the Pasadna Public Library Friday evening, May 7.

The annual Feast of the Roses at St. Rita's Shrine is to be celebrated on May 25 this year. As many as 2,000 visitors from many states have visited St. Rita's on this special day, to kneel at the sacred shrine, invoking its curative and spiritual gifts.

The shrine, installed at St. Rita's in 1920, is said to contain the authentic relics of the famous Augustine nun, Rita, born in Corsica, Italy, in 1386, dying there in 1466 at the age of 80. According to the legend of St. Rita, when dying she bade an attendant to go into the garden and pluck a rose. Upon opening the door, the servant found protruding from the snow-covered ground a single rose—the impossible! —the miracle which proclaimed the sant "Santa de los impossible!"

30 Years Ago:
May 11, 1934

The first quarter of 1934 ended in Sierra Madre with the building permit books showing a 19 per cent increase over the corresponding period last year.

Up to May 1 there had been a total of $22,143 spent in local construction work, as compared with $18,529 recorded for January to May in 1933.

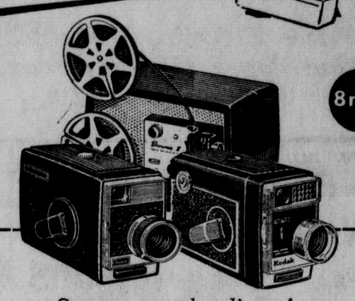

At the request of the U.S. Forestry Service, the City Council has opened its annual warfare on weeds and the fire hazard six weeks earlier than usual. A resolution was
